Dear Pat,

I cannot thank you enough for bringing Rock in Prevention to St. Theresa Catholic School! What a fantastic day and a tremendous way to reinforce how we treat others! Your enthusiasm and that of your staff is so welcoming and energizing for the children and staff you interact with!

Allowing our 8th graders to be the leaders gave them great experiences they will not forget! Placing them in a leadership role that day has been a strong foundation for us to continue to build on as we move through the school year. It also cemented their leadership with the rest of the student body.

Your message is so important! By remembering and using what we learned that day we have strengthened our PBIS programming and the children are working very hard to be their best every day! Our children use your phrase, "We don't do that here!" when they need to and it has become very evident that the children believe it when they say it.

Thank you for partnering with us to provide the best in training and resources for our children! Our children deserve the best and they got it with Rock in Prevention!

Thank you so much for what you do for all of our children! Thank you for helping us give our children the tools they need to succeed! Many prayers and blessings to all of you!

With prayers,

Ellen Stemler
Principal
