Educate. Motivate. Inspire.

September 10, 2014

To Whom It May Concern:

Today we were privileged to have Todd and Jonathon from Rock in prevention provide two presentations. The first was to our 7th and 8th grade students and the second to our 5th and 6th graders.

The presentations were very high energy and the presenters utilized some of our high school students as mentors to ensure engagement for each and every student. The message on character and bullying prevention was right on target and provided students with easy to use strategies that they can put to work today. The presentation and follow-up activities will certainly have a positive impact on our school culture.

I would recommend Rock in Prevention to my colleagues as a wonderful way to promote character education and bullying prevention. Our students gained from this experience!

Sincerely,

Eric Trager
