Rock In Prevention

7628 Hickman Road

Des Moines, Iowa 50324

Dear Rock in Prevention,

Thank you so much for coming to our school, Edward Stone Middle School. Todd and Anthony spent the morning with us here and with our 6th and 7th grade classes. Their presentation and workshop was on Character Education.

From the beginning of the day Rock In Prevention showed the utmost professionalism. They arrived at 7:00 AM to unload their equipment and train the high school volunteers. They immediately set about making the students feel so comfortable about leading the groups and made them feel very comfortable to be in front of the students with microphones. I loved that they used our local students also as they could identify with them. It was also nice to have some of our former students that use to see the workshops, now leading them.

When the students came in to the gymnasium it was show time! The kids were actively engaged from the moment they entered. Many of the students had been to a presentation before and were excited when they saw Todd and Anthony. Many remembered Todd from last year and said, "Hey you're the, 'Do The Right Thing' guy!"

I loved it when the kids started saying, "Cool, it's the 'Do The Right Thing' Guy" because it meant that Rock In Prevention made an impact. They remembered what was taught last year! Todd was able to pick right up where he left off last year. They knew he was going to give them a message and that it was going to be fun. The kids were also very excited about getting a new CD

Once again thank you so much for all you do,

Sincerely,

Deb Brueck
