*Letter of Recommendation / Thank you!*

Dear Rock In Prevention TEAM:

On behalf of our entire school, I would like to thank all of you for coming in to present ROCK IN PREVENTION! The students were VERY EXCITED, to say the least. Not only in classroom guidance, but also within the school-wide setting. I hear students repeating, "We don't do that here."

You highly impacted the students, and the music component brought forth a passion and sensitivity to the subject. The most powerful message came when Todd spoke God's Truth on the matter to our students. Very, very powerful message!

The additional enclosed thank you letters, in-and-of-themselves, are a testimony of just how important and valued your work is!

We look forward to a working relationship with you in the future! Thanks again!

Respectfully,
