To Whom It May Concern,

Rock In Prevention presented two assemblies K-2nd and 3-5th grade, at North Hill Elementary, Burlington, IA, on September 26, 2014.

The Rock In Prevention message was respectful but also firmly conveyed to students to say NO to alcohol, tobacco, and drugs. The lead presenters were upbeat and delivered motivational strategies for students to not participate in illegal substance abuse. High school student testimonials also provided elementary students examples of active role models that say NO to alcohol, tobacco, and drugs.

It was a very positive program for our students. Each assembly customized their presentation to reach students in the 5-7 year range and then students 8-12 years old.

Sincerely,

A handwritten signature in cursive script that reads "Phil Noonan".
