January 5, 2016

I am writing to thank the Rock In Prevention Team, Jenna Huston and Marcelo Arevalo, for coming to Sunflower Intermediate School. This was our second time having Rock In Prevention at our school. Our entire staff was looking forward to this day and the team did not disappoint! It was one of the most engaging, appropriate, and enjoyable assemblies we have had since you were here last year! The students and staff thoroughly enjoyed the use of song, dance, and role playing to relay the important messages about character education. We loved the addition of the high school mentors from our local high school. They helped create a positive and relatable experience for our intermediate students. I had received an email from the high school teacher back in August asking if we were going to use his students again. They enjoyed the experience so much last year that they wanted to have the opportunity again.

We will enjoy continuing the integration of the music and lyrics with the CD to reinforce what was learned at our school and build a positive school climate. The students were thrilled to receive the CD to take home and share with their family. I appreciate that school-to-home connection that Rock In Prevention provided us.

I am very grateful that Rock In Prevention contacted us again and that we had to opportunity to have them at our school for a second time. I look forward to having them back in the future!

Sincerely,

Jennifer Workman

Principal

Sunflower Intermediate
