Ms. Jenna Huston
Rock in Prevention
7628 Hickman Rd
Des Moines, IA 50322

Dear Ms. Jenna Huston:

I want to thank you for coming to St. Malachy School on March 3, 2016. When I heard that our PTO was going to support hosting a Rock in Prevention afternoon at our school I knew it was going to be a great investment.

The students really enjoyed the music and message delivered by Jenna and Marcello . The students listened attentively to the message your music group was sharing. Your use of music and interaction to drive home the message about bully prevention was great. They really enjoyed “sending” positive message to one another across the room. I know that the information about avoiding drugs and alcohol was also received well by our students. The interaction, participation and enjoyment was evident throughout the program by our students. St. Malachy students enjoyed seeing St. Malachy alumni participate in the program through singing and acting out scenarios.

I strongly believe the St. Malachy students will take what they have learned and apply it to everyday situations they encounter.. Thank you again for coming to our school and we certainly hope to see you in the future.

God Bless,

Jennifer Simmons
Principal
