To Whom It may concern:

I am writing on behalf of Rockin In Prevention Educational Programing . St. James Northside Elementary School had Rock in In Prevention in march of this year, and we had a fabulous day of reinforcing concepts to our children that helped to set a tone for the rest of the school year.

The program was entertaining, high energy and full of wonderful messages that helped our children continue to realize the important elements of respect and caring about those around them. Further more, the saying, " Do the right thing at the right time". can be heard echoed in our hallways and classrooms all the time. I appreciate the compact program and the educational follow up lessons that further helped our children learn the importance of the choices they make.

I would recommend this program to any school that is ready for a great message to our youth and to have a wonderful experience .

Sincerely,

Pat Kirchner
