

April 14, 2016

To Whom It May Concern:

On January 14, 2016, St. Anthony School was privileged to welcome Rock In Prevention to our school. From the day we scheduled their assembly to the completion of the day, I found the Rock In Prevention people to be open, honest and very friendly to our staff, our students, and me.

The Rock In Prevention assembly players utilized students from Dowling Catholic High School to give their message a local flavor and added familiarity. From the beginning of the assembly there was no doubt that our students were going to have fun, sing, dance, and get the important message about bullying. This was done by the expertise and fun rapport they had with our students.

As a group that can make a difference, I would highly recommend that Rock In Prevention continue to be funded for the many reasons listed above. If you have any questions about their performance at St. Anthony School, please feel free to call me at school (515-243-1874)

Sincerely yours,
